T.G. Miller, P.C. is looking to fill the position of Project Engineer for the Ithaca, NY office. We are a small, locally engaged, civil consulting and surveying firm serving clients throughout Central New York.

We have been in business for over 43 years and are proud that many of our staff have been a part of the T.G. Miller Team for 20 or more years. We like to hire, *and keep*, good people!

We provide quality engineering services to the municipal, higher education and private market sectors.

We are fortunate to have a healthy backlog of work that has been sustainable through the recent recessions.

The Project Engineer/Manager description attached provides more details of what qualities we feel all potential candidates should possess.

If you have between 5- and 10-years of Civil Engineering design and project management experience, are looking for a long-term position with a well-respected firm and want to have fun while working in a relaxed, but professional, setting we want to speak with you.

Please contact Andy Sciarabba at 607-272-6477 or email your cover letter and resume to ajs@tgmillerpc.com.

Respectfully,

Andrew J. Sciarabba, P.E.
Vice President
